May 10th, 2023**

National Engineering Services Pakistan (Pvt.) Limited (NESPAK) established in 1973, is one of the leading Consulting Engineering firm in the world with more than 4,000 permanent employees. It is the largest consulting firm in Pakistan, owned by the Government of Pakistan. It is a financially sound, self-sustainable and professionally run Organization with average gross annual revenue of USD 60 million (Rs. 9.0 billion).

NESPAK is a product of the national renaissance of the early 1970s in Pakistan. The idea was to attain self-reliance in engineering consultancy at national level and to reduce dependence on foreign consulting firms by developing an indigenous talent pool, which culminated in creation of a private limited company in 1973, aptly named as the "National Engineering Services Pakistan (Pvt.) Limited". In March 2023, NESPAK achieves a major milestone in its history as the Company is celebrating its 50th anniversary. NESPAK's 50 years successful journey is marked with numerous achievements as well as its indispensable contribution to the national development in the form of exemplary engineering consultancy services for projects of national importance.

Over a period of time NESPAK has grown both in Business and Technical expertise now a total staff strength of 4,683 employees, of which over 3,400 are qualified professionals. More than 600 of them have Master's and Doctoral degrees from reputed international universities. Around 110 employees are posted in the Overseas Offices in eight countries. It has expertise in master planning, feasibility studies, detailed engineering design, and construction supervision of multi-disciplinary projects in all engineering, architectural and town planning disciplines. NESPAK is on the approved panel of consultants with over 17 international donor agencies. It has carried out 396 projects for the World Bank, Asian Development Bank, Islamic Development Bank, JICA, USAID, Kuwait Fund for Arab Economic Development, Food and Agriculture Organization of United Nations, United Nations Development Program.

Starting from services on Tarbela Tunnel 4 Project, NESPAK now offers a broad spectrum of expert Consultancy Services ranging from conception to completion and operation of development projects. The scope of these services covers master planning, prefeasibility and feasibility studies, surveying and mapping, investigations, design, tender and contract documentation, construction / installation supervision, contract management/evaluation and post-construction services.

The areas of expertise at inception have grown to provision of specialized services in Architecture & Planning, Urban Planning & Development, Rural Development, Energy (Thermal, Hydel, Solar, Wind etc.) Water Resources, Agriculture, Communications, Roads/Highways/Motorways, Railways, Airports, Ports & Harbors, Environmental & Public Health Engineering, Engineering for Industry, Heating, Ventilation and Air-Conditioning, Information Technology and Geographical Information Systems, Disaster Risk Management, Geological Studies/ Investigations and Oil & Gas Sectors.

Overall, NESPAK has so far undertaken 4,391 projects in 39 countries including Pakistan, Afghanistan, Azerbaijan, Bangladesh, Bahrain, Benin, Cameroon, Chad, Comoros Island, Dominica, Ethiopia, Gabon, Gambia, Ghana, Guinea, Iran, Iraq, Jordan, Kazakhstan, Kyrgyzstan, Libya, Nepal, Nigeria, Oman, Qatar, Republic of Yemen, Saudi Arabia, Senegal, Sierra Leone, Somalia, Sudan, Syria, Tajikistan, Tanzania, Thailand, Turkey, Turkmenistan, UAE and Uzbekistan.

NESPAK is headquartered in Lahore, with regional offices in Islamabad, Karachi, Peshawar, Internationally, NESPAK has permanent Offices in Saudi Arabia, Oman, Qatar and Afghanistan.
